- Verwyder en was besoedelde klere.
- Moenie eet, drink of rook gedurende en na toediening alvorens hande en gesig deeglik gewas is nie.
- Maak houer dig toe as die inhoud nie

contents have not been used.

- Destroy empty container by perforation and flattening and NEVER re-use for any other purpose.

DIRECTIONS FOR USE: USE ONLY AS DIRECTED

For external animal use only. ERADITICK® PIG POUR-ON is a ready-to-use product and must not be mixed with any other dip, solvent or insecticidal compound.

Apply to all animals in a group whether visually infested or not.

Animals of all ages, including pregnant and suckling sows, piglets, weaners, growers, finishers and boars may be treated.

Apply the calculated amount of ERADITICK® PIG POUR-ON evenly along the backline BETWEEN THE RUMP AND THE EARS.

In large boars and sows the total amount of ERADITICK® PIG POUR-ON should be spread along the backline and sides to increase the spread of the remedy over the body.

The inside of the ears MUST be treated with a small amount of the calculated dose at each application. This is especially important in sows and boars.

Application rate

The dose will provide 5-6 mg of Amitraz per kg body mass and is calculated as quarter the body mass (kg) in ml e.g.:

Body mass (kg)	Application (ml)
5	1,25
10	2,5
20	5,0
30	7,5
40	10,0
50	12,5
60	15,0
100	25,0

opgebruik is nie.

- Vernietig leë houers deur te perforeer of plat te druk en moet NOOIT vir enige ander doeleindes gebruik nie.

GEBRUIKSAANWYSINGS: GEBRUIK SLEGS SOOS AANGEDUI

Slegs vir uitwendige dieregebruik.

ERADITICK® PIG POUR-ON is 'n gereed-om-te-gebruik produk en moet nie met enige ander dip, oplosmiddel of insekdodende middel gemeng word nie. Behandel al die diere in 'n groep al is hulle nie sigbaar besmet nie.

Diere van alle ouderdome, insluitend dragtige- en lakterende sôe, jong varkies, speenvarke, groeier, afronders and bere) kan behandel word.

Die berekende hoeveelheid ERADITICK® PIG POUR-ON moet egalig op die ruglyn TUSSEN DIE KRUIS EN ORE aangewend word. In groot bere en sôe moet die totale hoeveelheid op die ruglyn en langs die sye aangewend word om die verspreiding van die middel oor die lyf te vermeerder.

Die binnekant van die ore MOET tydens aanwending met 'n klein hoeveelheid van die berekende hoeveelheid behandel word. Dit is veral belangrik in sôe en bere.

Aanwending

Die dosis sal 5-6 mg Amitras per kg liggaamsmassa verskaf en is bereken op 'n kwart van die liggaamsmassa (kg) in ml byvoorbeeld:

Liggaamsmassa (kg)	Aanwending (ml)
5	1,25
10	2,5
20	5,0
30	7,5
40	10,0
50	12,5
60	15,0
100	25,0

Initial application

Two applications to the entire herd with a 7-10 day interval.

In the case of severe infestation a third dose may be needed 10 days later.

Follow-up and subsequent applications

Apply to sows twice at weekly intervals within the last month before farrowing.

Apply to boars monthly using two applications at weekly intervals.

Recurrence of infestation in growers to be treated twice at weekly intervals.

All introductions to the unit to be treated three times at weekly intervals whilst in quarantine.

Culling of all badly infested sows and boars must be considered.

As ERADITICK® PIG POUR-ON spreads over the surface of the pig's skin, killing parasites in the more inaccessible areas, there is no need to scrub the pig to remove scales before application.

PRESENTATION

100 ml, 200 ml, 250 ml, 500 ml, 1 l, 2 l, 5 l, 10 l, 20 l

www.afrivet.co.za

Aanvanklike aanwending

Twee toedienings met 'n 7-10 dae tussenpose op die hele trop.

In geval van swaar besmetting mag 'n derde dosis 10 dae later nodig wees.

Opvolg en daaropvolgende aanwendings

Behandel sê twee keer met weeklikse tussenposes gedurende die laaste maand voor jong.

Behandel bere maandeliks met twee aanwendings met weeklikse tussenposes.

Herbesmetting in groeiers moet met twee weekliks aanwendings behandel word.

Alle nuwe toevoegings tot die trop moet drie keer met weeklikse tussenposes gedurende kwarantyn behandel word.

Uitwissing van alle erg besmette sê en bere moet oorweeg word.

Aangesien ERADITICK® PIG POUR-ON oor die oppervlakte van die vark se vel versprei en parasiete in die ontoeganklike areas dood, is dit onnodig om skubbe deur middle van skrop te verwyder.

AANBIEDING

100 ml, 200 ml, 250 ml, 500 ml, 1 l, 2 l, 5 l, 10 l, 20 l
